PROFILE

Full stack developer with 2+ years of hands-on experience building and shipping web applications from the ground up. I work across the entire stack — database design, backend logic, and frontend UI — and have solo-launched AIToolsHQ, a live monetized platform built with Next.js 15, Firebase, and Algolia. Currently deepening my React expertise through training at Solvit Africa and pursuing an IT degree at RP Karongi College. I write clean, maintainable code, take ownership of projects end-to-end, and adapt quickly to new technologies and team workflows.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), PHP, Python

Frameworks & Libraries: Next.js 15, React, Bootstrap, Tailwind CSS, Framer Motion

Databases: MySQL, PostgreSQL, Firebase Firestore

Backend & Services: Firebase Auth, Firebase Storage, Upstash Redis, Algolia Search

DevOps & Tools: Git, GitHub, Vercel, Namecheap DNS

Other: Adobe / Graphic Design, MS Office, SEO basics, AdSense / Affiliate integration

EXPERIENCE

ReactJS Developer Trainee – [Solvit Africa](#) | Rwanda | Mar 2025 – Jun 2025

- ▶ Completed an intensive ReactJS training program covering component architecture, hooks, state management, and building production-ready UIs.
- ▶ Built multiple hands-on projects throughout the program, reinforcing real-world React patterns and best practices.
- ▶ Worked in a structured team learning environment, collaborating on code reviews and project deliverables.

PROJECTS

AIToolsHQ — AI Tools Review & Directory Platform | aitoolshq.space

- ▶ Built solo from scratch using Next.js 15 App Router, Firebase (Firestore, Auth, Storage), Tailwind CSS, and Algolia search.
- ▶ Features: tool listings across 6+ categories (writing, coding, image gen, video, productivity, marketing), a comparison engine, OG image generation, XML sitemaps, and a full admin dashboard.
- ▶ Monetized with Google AdSense / Ezoic / Mediavine-ready setup and affiliate integration via Impact.com.
- ▶ Deployed on Vercel with custom .space domain; submitted to Google Search Console and Product Hunt.
- ▶ Wrote 14+ SEO-focused MDX blog posts covering AI tool reviews, comparisons, and how-tos.

EDUCATION

Bachelor's Degree – Information Technology

RP Karongi College | Karongi District, Rwanda | Current
